complete work ()

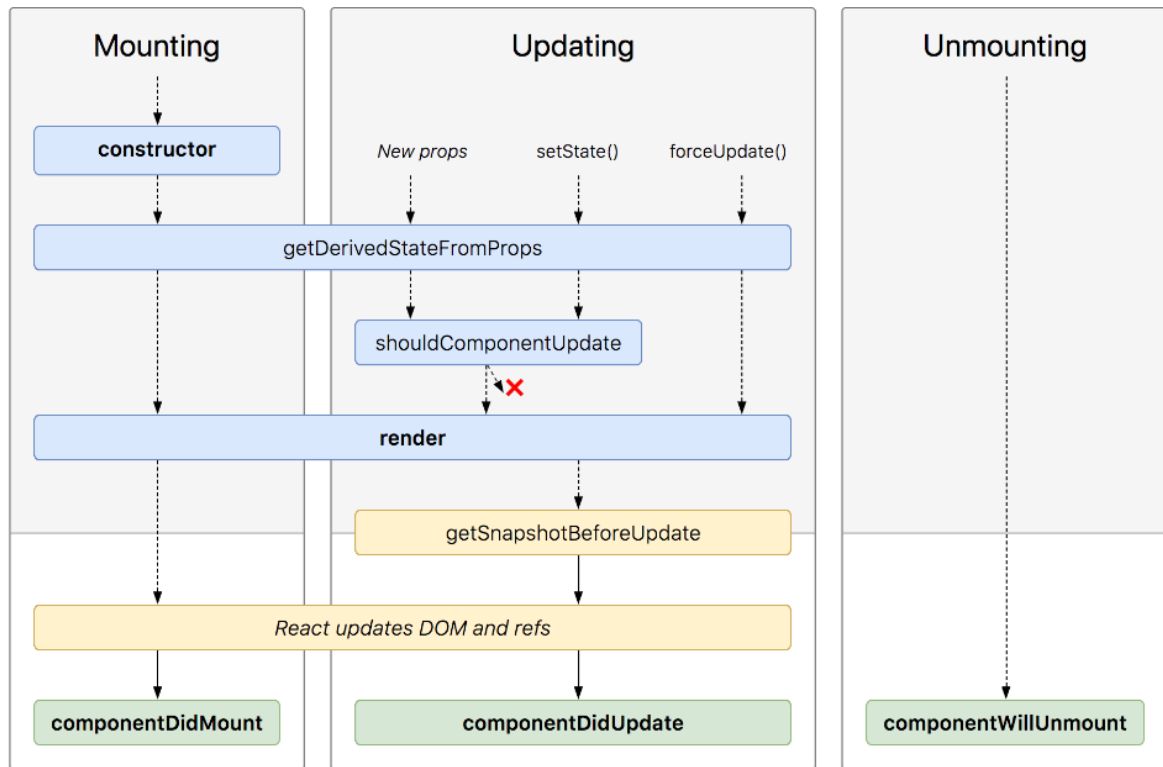

Screenshot of a web browser's developer tools showing the 'Sources' panel. The left sidebar shows the file system structure, including 'node_modules' and 'react-dom'. The main pane displays the source code of 'react-dom.development.js', showing the 'use strict' directive and the 'if (process.env.NODE_ENV !== "production")' block.

Type of Query	0 Matches	1 Match	>1 Matches	Retry (Async/Await)
Single Element				
getBy...	Throw error	Return element	Throw error	No
queryBy...	Return null	Return element	Throw error	No
findBy...	Throw error	Return element	Throw error	Yes
Multiple Elements				
getAllBy...	Throw error	Return array	Return array	No
queryAllBy...	Return []	Return array	Return array	No
findAllBy...	Throw error	Return array	Return array	Yes
